MICR CHECKS

{ The most cost efficient, effective way to handle checks for multiple bank accounts }

1. Discontinue ordering pre-printed checks for every company or bank account. As an alternative, order blank check security paper.

2. Instead of searching for the right checks for each bank account, simply use the same blank check stock to handle all of your requirements.

3. Go to any CertiflexDimension system and print checks. The MICR package will print any bank routing codes, company information and check detail in one quick, easy pass.

COST EFFICIENT

- One Check Stock for All Your Bank Accounts or Companies
- Saves Over 30% on the Cost of Pre-printed Checks
- Up to 99 MICR Accounts Per Company
- Merges MICR Data & Check Data Into Single Print Job
- Virtually Eliminates Void Check Numbers Due to Printing Errors
- Check Numbers Printed Always Match Accounting Data

4. Sit back and relax. You no longer have to worry about having preprinted checks for every bank account. With MICR Check, you are using the most efficient way to handle checks for multiple accounts.
